

MOMENTS WE TREASURE
WWW.PHOTOHIVE.CO.NZ

CHOOSE YOUR SHOOT

We have tried to make our shoot offerings as simple as possible with each shoot having a different objective in capturing your memories. It is impossible to capture everything in one photo shoot as when working with little ones they often get tired, bored or frustrated the longer the session goes on. A little planning before hand will ensure we make your Photo Hive Experience one to remember.

Each session includes a complimentary phone consultation with your photographer before any photos are taken to discuss ideas and help you prepare.

SHOOT OBJECTIVE

To capture the wonders of pregnancy and celebrate what is to come. Immediate family to the mother are included in this shoot.

INCLUDES

- Use of our Maternity Dresses, Gowns and Fabrics and Flower Bands
- Luxury Parnell studio experience or an outdoor location across Auckland
- Session time is approximately one to two hours

RECOMMENDED FOR

- Mums to be between 29 and 36 weeks

SHOOT OBJECTIVE

To capture stunning Newborn Photos using props, wraps, hair bands and light creatively. Immediate family to the newborn are included in this shoot.

INCLUDES

- Use of our Newborn Props, Wraps, Hats, Baskets and Flower Bands
- Luxury Parnell studio experience
- Session time is approximately one to four hours

SHOOT OBJECTIVE

To focus on your children and capture their development through the ages. This session is about them and doesn't include family photos.

INCLUDES

- Theme decor - balloons, garlands, props if required
- Multiple background choices
- Luxury Parnell studio experience or an outdoor location across Auckland
- Session time is approximately one hour

RECOMMENDED FOR

- Siblings or babies older than 1 years

Our studio is centrally located, making it an idea location for families throughout greater Auckland. We are located at 130 St Georges Bay Rd, Parnell right next to Saatchi and Saatchi at the end of the Port motorway turn off.

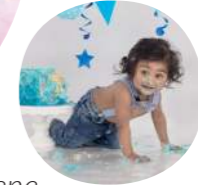

Sessions are available by appointment only Monday through Sunday from 9am till 5pm or sunset for location shoots. There are no additional fees for location shoots within a 50km radius from the Auckland CBD.

GETTING READY

6

Decide what colour background would you like to use. We have many different colours from your standard white to a more elegant grey. For newborn shoots we will use this background for your family photos.

Would you like to have a Scene themed or a Colour themed shoot? For Cake Smash shoots we offer a variety of themes from jungle to sailor or you can keep it simple by choosing a favorite colour.

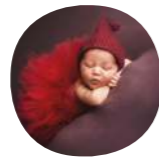

We provide session addons to help you get the most out of your time with us. Highly recommended for Maternity sessions is our Hair and Make Up which is done in studio before the session. Other options are designer cakes delivered to the studio in time for your cake smash shoot.

3

4

Decide what you will wear, will you have more than one outfit? We highly recommend wearing the same or very similar shades of colours. Try to avoid dark dull colours, they usually don't look good on photos. Men should preferably wear plain casual shirts, women blouses/dresses, no logos.

5

Would you like any props for the shoot? Newborn sessions we usually use our hats, wraps and baskets, what colour pallet would you prefer? For Maternity sessions we provide fabric gowns which give an elegant feel. What about any props from home that you want to incorporate into the shoot? We are open to your ideas.

2

1

Lastly the more involved you are with the shoot the better the outcome will be. A successful shoot is a collaboration between us and you, with our guidance you are sure to creating lasting memories of your families milestones.

AFTER YOUR SHOOT

Ironically this part of the process is where we spend the most amount of time. A typical photo can take around 10-30 minutes to complete. That's cropping, colour correcting, smoothing, sharpening and more!

We aim to present approximately 30-50 images per session but it all depends on how the session went.

Once your session edit has been completed we invite you back to our studio where you will see all the finished images on our large tv screen. We will review each shot with you, answer all of your questions and offer our professional advice as you choose from among the framed and canvas prints, albums and digital photos available.

We ask that all the decision makers come along for the Ordering Session as this is when you will decide how you are going to display the photographs. Investments range from \$149.99 for a digital photo right up to \$1999.99 or more for a collection of wall prints, albums or digital images.
